On behalf of the board of Mayo Sports Partnership (MSP) I would like to welcome you all to the Spring/Summer edition of our bi annual newsletter. As Sports Officer in GMIT Mayo Campus I’m fortunate enough to have been part of the Partnership Board since the inception of MSP. In that time it has been a privilege to see the great work carried out by Charlie Lambert and his team, (may I take a moment to thank Anne Royanane for all her hard work over the years and to welcome Deirdre Donnelly to the team). The projects MSP have instigated has changed the landscape for sport, and associated healthy living, within the county in that time. No project has contributed more to this than the West of Ireland Women’s Mini Marathon, it’s incredible that it’s marking its 10th year and the positive affect it has achieved in that time is incredible. We are delighted to announce another project that I would hope to have similar impacts and long term affects as we develop an Urban Adventure Hub at Lough Lannagh in Castlebar. Bringing together GMIT Mayo Campus’ expertise in the field of Adventure activities, the skills of MSP and a variety of user groups, (who have helped pull the project together), as well as the amazing natural amenities on our doorstep, this project aims to show how Adventure Activities, long associated with the wilds of rugged mountains, raging remote rivers and roaring seas, (all of which Mayo is rightly famous for), can be enjoyed right on our doorstep in an Urban Environment. I have to finish by congratulating the Mayo Senior Football team (all of which Mayo is rightly famous for), can be enjoyed right on our doorstep in an Urban Environment. I have to finish by congratulating the Mayo Senior Football team on their recent national success and hope that they, as well as everyone else in the county, enjoy a wonderful summer with all that entails.

Nigel Jennings
Mayo Sports Partnership Board Member / Sports Officer, GMIT Mayo Campus

In November 2018 Mayo Sports Partnership came together with Triathlon Ireland to organise a Women’s Try a Tri for Mayo in 2019. With 4 established clubs in Mayo and another in the process of being registered with Triathlon Ireland, it was decided that all 5 clubs would be involved in the programme.

After discussion with the clubs a programme was drawn up where the 3 main clubs in Mayo, Castlebar, Ballina and Westport would host the training for an eight-week period with 2 sessions delivered by Triathlon Ireland in Castlebar as this was the event location and the more central point for all clubs to travel to.

A launch date was set for January 18th to launch the Training programme and event in Castlebar Library in conjunction with the Healthy Ireland at your Library. Over 90 Women signed up for the event set for March 31st – Mother’s Day! The event consisted of a 300m swim in Castlebar’s new swimming pool, a 15k cycle on the Newport Road and a 4k run around Lough Lannagh. A lot of planning went into the event and the day finally came, it was a beautiful fresh Spring morning and turned out to be a beautiful day.

Thank you to all our clubs and Triathlon Ireland for an event that has started many ladies off on their Triathlon journeys.
